

Dutch Shepherd Family Letters

Okalani and Kono (Dutch Shepherd)

Hope your move is going well!

Well, today we started our second week with the girls. I can't imagine the energy rolled up into two little 15 pound puppies!!!! I also wanted to take the time to thank both you and Kathy for everything. You have such a love and compassion for the four legged kids and it shows in your animals. You guys were so great throughout the entire process, from helping me choose the right puppies to right this very minute. I have never bought from a breeder before and am so very, very pleased with my experience with 4BARD Kennels!!!! I will proudly recommend you to anyone I know who is looking for a responsible and ethical breeder!!!!

We visited the vet for our checkup last week and he was impressed with the quality, disposition and energy of both of the puppies. We got the thumbs up and are now just looking forward to our 12 week visit so we can start our obedience training!!!! Well, I know you guys are really pretty busy right now, so I won't keep you. I really just wanted you to know how much I appreciate everything and how happy I am that I found you!!! Thank you Scott, thank you Kathy!!!! Hugs to you both from me, Kono and Okalani!!!!!!!!!!!!
